

BRSCNA -Chair report – 2/14/26

Thank everyone for your prayers and understanding for my missing the last meeting due to my father's automobile accident

I have attended multiple meetings in several areas since the last meeting.

I have contacted Townhall II at least 5 times. Each time I'm told that the questions I have would require me to speak with the CEO. Each time I'm asked for my phone number and told that the CEO will give me a call. Each time there is no phone call received. I had planned to go there in person, hoping that she would be there and the day I scheduled to go there was a snow storm.

I would like to know if someone has experience or knowledge of how to post things on our BRSCNA website?

I would like to know how many absences a person can have before losing their position on the Regional committee?

I'm creating a new binder to include all of the materials that we should have for our committee. I am disappointed with my own performance as Chair because one of the main goals I had has been to resolve this situation with the phone lines but I'm not giving up. We will resolve this situation with Townhall II

## Vice Chair Report

Good morning, Family

This is your Vice Chair report for February. It has been a pretty slow two months for me.

I did work with Tonya, our H and I Regional Chair for the second Annual Learning Day Speaker Jam. I will be assisting this event and offering all the resources that are available at the Region level.

Please let me know if I can help in any other way with phone lines, H & I, or anything specific over the next few months

In Loving Service

## GLASCNA RCM Report at the BRASCNA Regional Meeting

We are hosting 3 events soon:

The Polar Bear Brunch Feb 22<sup>nd</sup> at 10:30nfor breakfast and speaker at 11:30am

Located at the Chestnut Shelter in Willoughby Hills. Flier included

Chili cook off March 21<sup>st</sup>, 2026 at our Saturday Night Live meeting. Flier included.

NCRR Campout August 7,8, and 9<sup>th</sup> Flier included.

I am hosting a CAR meeting tomorrow Feb 15<sup>th</sup>, 2026, but the majority of our GSR's are already gathering their group conscience, so I assume I will not have a great turn out. I have met with the majority of the GSR's in my area and gave them the run down on the CAR, since my first scheduled meeting was canceled due to weather.

We have a fair turn out at our area meetings with usually 7 GSR's in attendance. Our meetings are going strong, but our donations are way down coming into the area level and our area group is struggling financially as I am sure other areas are as well.
